cially for the nation; I consider it to be none the less my duty to endeavor as a private citizen to promote the end which you have in view by means which you do not feel at liberty to use.

"In returning the intimate and pleasant relations which have existed between us during the past two years, permit me to acknowledge the profound satisfaction which has given me to be associated with you in the important work which has come before the state department, and to thank you for the courtesies extended.

"With the best wishes for your personal welfare and for the success of your administration, I am, my dear Mr. President, very truly yours,

W. J. BRYAN.

WILSON'S LETTER TO BRYAN

The president's letter to Mr. Bryan was as follows:

My Dear Mr. Bryan: I accept your resignation only because you insist upon its acceptance; and I accept it with much more than deep regret, with the feeling of personal sorrow. Your two years of close association with me have been a great privilege to me. Your judgment has been sound in practically every matter of official duty and of public policy until now; your support of the work and purposes of the administration has been generous and loyal beyond praise; your devotion to the duties of your great office and your eagerness to take advantage of every opportunity for service it offered has been an ex-

ample to the rest of us; you have earned our affectionate admiration and respect. The fact that you are so separated in the object we seek, but only that the method by which we seek it is for these reasons my feeling about the matter is more than a little bitter. It is for these reasons my feeling about the matter is more than a little bitter. It is for these reasons my feeling about the matter is more than a little bitter.

EXIT OF BRYAN

DRAMATIC

Dramatic the official relation of Mr. Bryan with the administration of Mr. Wilson, whose nomination he assisted so much in bringing about at the Baltimore convention in 1912 comes to an end. It caused a sensation in the national capital scarcely paralleled in recent years. Ambassadors, ministers and diplomats from foreign lands, officials of every rank and station, heard the news as it was flashed in newspaper extras tonight. They interpreted variously its effect on the resignation of statesman and advocate of peace in the president's official family spread broadcast the belief that the United States policy as definitely determined upon would be the result of the action of the United States in any eventuality that might arise.

SPLIT CAUSED

BY LUSITANIA

The real disagreement dates back to the famous session of the cabinet when the note of May 11, following the sinking of the Lusitania, was drafted, forming Germany that the United States would not permit any word or act to protect its rights. At that time Mr. Bryan was in London, selling peace measures and cautious action. He gave his consent to signing the note only after it was tentatively agreed that it was to be issued at the white house and transmitted to Germany by the post. It was then that the president, after having considered at length Mr. Bryan's personal report, signed the note. Some cabinet members, however, were not so satisfied with the note. Some cabinet members, however, were not so satisfied with the note. Some cabinet members, however, were not so satisfied with the note.

PERSONAL REGRET

EXPRESSED

Officials of the administration were unanimous tonight in their expression of personal regret. Mr. Bryan had made a statement to that effect, and the president reflected the same sentiment in his closing remarks. Mr. Bryan had made a statement to that effect, and the president reflected the same sentiment in his closing remarks. Mr. Bryan had made a statement to that effect, and the president reflected the same sentiment in his closing remarks.

BRYAN UNABLE

TO AGREE

Just when the subject was first broached between the president and Mr. Bryan, it was known that Mr. Bryan would resign as early as last Sunday. When the principles on which the note to Germany was based were discussed at the cabinet meeting of Friday, Mr. Bryan stated that he could not reconcile his own position with the administration. Work on the note was abandoned, however, Mr. Bryan keeping his secret. He did not attend the meeting the hour when the communication was being sent to the cable. Today the cabinet assembled for a final reading of the note. Mr. Bryan was absent. He declined to receive newspaper reports or to make any statement. He declined to receive newspaper reports or to make any statement. He declined to receive newspaper reports or to make any statement.

CHIEF BEAVERS RAPPEL

AND POLICE CRITICIZED

has no more scattered view than it had before Chief Beavers closed the red light district. I want the committee to tell if the witnesses said that "vice was in the residential districts, or elsewhere."

Will be glad to inform the commission," retorted Commissioner R. A. Wardlaw, who was chairman of the probe.

The citizens testifying to this committee were mostly men of high standing in the community, and the mass of testimony on vice conditions vice seems to be scattered about in the residential and semi-residential sections, as well as in the business sections.

Chief Wines Under Fire.

Chief Beavers, as he listened to the reading of the report by W. T. Morris, secretary of the board, noticeably winced under the unexpected fire of charges that were brought against him.

Must Respect Commission.

A committee will be appointed by Chairman Fain, which will be instructed to draw the reins so tight on Chief Beavers in respect to listening to "outside influence," that he will be compelled to resign in police matters, or retire from office.

"We are going to be supreme and Chief Beavers must realize this one important thing of the board," retorted Commissioner Dr. C. J. Vaughan, rated as one of Beavers' closest friends on the board. "I know the board is listening to outside influence too much with the little difference to the board's superiority in matters concerning police matters."

Landlord on Carpet Later.

At Tuesday's adjourned meeting of the board, Chief of Detectives Newport Landford will be confronted with charges of having cursed Station Sergeant R. A. Roberts a few days ago in a telephone conversation.

Landford's trial was postponed from last night because Sergeant Roberts' statement was not sworn to.

The result of the trial of the detective chief will culminate in the suspension from the force of either Chief Beavers or Chief Landford, according to Chairman Fain.

Commissioners Andy King, Captain J. W. English, Mayor Woodward and R. C. Clarke, read as follows:

AUSTRIAN BOMBS HURLED AT VENICE

Vienna Reports Aerial Bombardment of Italian City. Italians Making Gradual Progress Along Isonzo River.

Vienna, June 8.—(Via London).—The following official communication was issued tonight:

"A telegram from our naval command states that naval flying machine L-47, Commander Bonfield and Observer Naval Cadet von Strobel, this morning successfully bombarded Venice and dropped bombs on a balloon shed at Murano (3 miles northeast of Venice) and also on an enemy torpedo boat destroyer."

Another official communication tells of the destruction of an Italian airplane by an Austrian aeroplane. It says: "The Italian alpine Citta Di Ferrara, returning from Piuma this morning was attacked, set on fire and destroyed by our naval aeroplane L-48, commanded by Lieutenant Glasling and with Naval Cadet von Fritsch as observer. Two officers and five men of the crew were captured."

GRADUAL PROGRESS

MADE BY ITALIANS.
Udine, June 8.—(Via Chiasso and Paris).—Italian forces today were engaged with the Austrians on the eastern banks of the Isonzo, north of Tolmino. They are fighting also around Gradisca, evidently with the intention of encircling that point.

Montero has been occupied, as have the mountains between the Isonzo and Idria rivers. These positions dominate the towns of Volana, Ronina, Canale and Descla, all on the Isonzo.

On the sea operations are being conducted with the idea of gaining pos-

session of the Gulf of Panzano, whence it will be easier to attack Monfalcone.

POSITIONS TAKEN BY THE ITALIANS.

Rome, June 8.—(Via Paris).—Italian troops are proceeding methodically to take possession of the most important positions all along the frontier, according to a statement signed by General Cadorna, chief of the general staff, issued at general Italian headquarters. The statement follows:

"Our advanced troops proceeded methodically to take possession of the most important positions beyond the frontier all along the line, meeting with slight resistance. At the same time a closely contested artillery duel continued on the plateau of Lavarone and Fogaric."

"The same is the case all along the Isonzo river from Caporetto to the sea, where we are in close contact with the enemy. Strong advance formation protected by powerful artillery actually have reached this important line with the object of establishing themselves solidly at the most suitable passage and of installing there bridge heads commanding the banks, thereby insuring safe crossings."

Beyond the Caporetto mountains, our troops are continuing the heavy fighting of June 4-6-8 against the Austrians, which are situated on the opposite slope. We have gained firm foothold on both banks of the river and are seriously threatening Tolmino."

Along the lower course of the Isonzo, after skimming the river with military bridges under the eyes of the enemy, large detachments of our troops, preceded by a reconnoitering force of cavalry, succeeded in crossing to the eastern bank, where they are fortifying themselves. By this maneuver we are assured along the Isonzo front the same liberty of action as on our other fronts. This is important because heavy detachments of troops may thus be employed easily when the time ripe. Our losses have been relatively light."

GERMAN TROOPS TO OPPOSE ITALIANS.

Innsbruck, Austria, June 7.—(By courier to Buchs, Vienna, June 8, via Paris).—Extensive preparations are being made by the Austrians to resist the Italian invasion. General Danik arrived at Trent Sunday from the Russian front to take command of one of the Austrian armies. A considerable number of German troops also has been brought into the Trent region.

The Austrians are reinforcing their line all along the Isonzo, where an engagement over a wide front is developing. Heavy artillery is being brought in from the eastern front by the Austrians for use on the Isonzo.

ITALIANS PREPARE FOR GENERAL ATTACK.

Vienna, June 8.—(Via London).—The

Austrian war office has issued the following in regard to operations against the Italians:

"In the Italian coastal district the enemy apparently is preparing a general attack against our positions on the Isonzo river. In his isolated attacks heretofore near Gradisca and Grado he has been repulsed with heavy losses."

"In the Carinthian and Tyrol frontier districts the Italian have been keeping up artillery fire without success. An Alpine detachment which occupied Monte Piano, south of Landis, was driven off by our troops. The districts of Ala was visited by plundering Gari-baldians."

Perdual—it would have taken the cavalry two weeks to have held her post.

VIEWS OF JUDGE GARY ON STEEL DECISION

Pittsburg, June 8.—Judge James H. Reed, chairman of the Carnegie Steel company and a director of the United States Steel corporation, made public tonight a letter from Judge E. H. Gary, chairman of the steel corporation, to presidents of subsidiary companies, discussing the recent decision of the federal courts and its effect on the policy of the corporation. The letter says the corporation "showed that it has been our intention and effort to so conduct our affairs that we would not be of injury to our employees, our customers, our competitors or the general public."

"We must not now make the mis-

take of supposing that, under this decision, we would be justified in changing the course heretofore pursued. We must not become indifferent or careless. We must positively maintain the standards of propriety which we have been following."

C. E. Man for Governor.
Ballardville, Mass., June 8.—William Shaw, general secretary of the United Society of Christian Endeavor, today announced his acceptance of the nomination for governor tendered him at the recent convention of the prohibition party.

John Redmond was "suspended" on the very first day he sat in parliament.

Festival Days Values

29c and 35c Cotton Crepes 19c a Yd.

—as a result of a recent buy. They are just what so many women are asking for these days.

Cotton crepes, of fine texture, white with narrow stripes and line checks in colors—pinks, tans, blues, lavenders and the like.

Buy them for dresses, for waists, for shirts, for the many uses that this serviceable fabric knows. They are 28 inches wide.

25c Flowered Voiles 15c a Yd.

38 inches wide, white grounds overspread with dainty little florals—they smack of cool and pretty summer frocks. A dozen patterns or more.

25c Zephyr Gingham 11c a Yd.

Plain colors, blues, pinks, greens, 32 inches wide. The quality is told when we say they are William Anderson's. With these go a number of pieces, from the same maker, in plaids and checks—they were 25c and are now 15c a yard.

\$1.00 Bath Mats, 65c

Size 24x40 inches, blue center with white Grecian border. Closely woven, heavy weight.

Girls' Wash Dresses \$1.48

Values \$2.00, \$2.25 and \$2.50

Sizes, six to fourteen years.

Explain the why of such a sale—dresses of gingham and percales, in choice patterns; pretty blues and tans and pinks, striped, checked, in plaids, just such as every mother must buy in the summer time—there is hardly any explaining why they should be sold at a reduced price.

But they are, and so an opportunity! Charming youthful styles, little coatees on many—others are very long waisted; for mornings, for vacation trips.

A sale planned for women who require large sized skirts—and therefore an unusual sale.

Gabardines, Serges, Poplins and Panamas in Navy and Black

Not one is worth less than \$8.75, and from that they go to \$10.00.

MANY STYLES, box plaited, knife plaited, side plaits, rather plain tailored styles.

Wash Silk Shirts at \$1.50
Very Attractive, Very Serviceable

A little mental arithmetic will prove how much they are under-priced. Finger the silk, compute the cost by the yard—we will discount the making.

Low turn-back collars—they come in gray, black, blue and tan and white stripes.

More of the \$1.95 Silk Shirts Have Just Come In

Their arrival deserves notice because they are such as are usually sold at \$2.50. The silk is a heavy strong quality and comes in striped patterns, black, gray and two shades of blue with white.

The June Sale of Undermuslins Does Just This—

It brings a great, beautiful mass of exquisitely dainty Undermuslins at prices far below their worth. And the fine part of it all is that a woman will know this the moment she puts a finger on the materials and notes the laces, the embroideries, the workmanship.

It's an easy matter to prove that this is a time of savings.

MAYO VICE ADMIRAL; TOLD HUERTA TO SALUTE

Wilson Promotes Officer Who
Precipitated the Crisis
at Vera Cruz.

Washington, June 8.—Rear Admiral Henry T. Mayo, commander of the first division of the Atlantic fleet, was designated today by President Wilson as a vice admiral of the navy. He is the first of three vice admirals to be appointed.

Admiral Mayo will be second in command of the Atlantic fleet and continue in command of the first division. He was appointed under one of the

final acts of the last congress which authorized the creation of three admirals and three vice admirals, to hold their grade until the next session.

No decision yet has been reached on the appointment of a vice admiral of the Pacific fleet, and it was held to be possible that none would be named for the comparatively small Atlantic fleet. Admiral Winterhalter, now en route to the Far East to take command of that fleet, will soon make recommendations on the advisability of such an appointment.

Admiral Mayo is the officer who demanded a salute to the Stars and Stripes by General Huerta, precipitating the crisis which led to the American occupation of Vera Cruz.

CANADIAN CONTINGENT HAS LOST 8,008 MEN

Ottawa, Ontario, June 8.—The Canadian casualty list to date totals 8,008 men, consisting of 1,213 killed, 2,510 wounded and 1,485 missing, according to the records of the militia department.

SUBMARINES SINK NEARAL VESSELS

Three Norwegian Ships
Sent to Bottom—Belgian
Steamer Torpedoed and
Seventeen Lives Lost.

London, June 8.—The Belgian steamer Menapier has been sent to the bottom by a German torpedo near the North Foreland. Out of twenty-three persons on board only six were saved. The captain, his wife and his daughter, the first mate and the pilot and twelve members of the crew lost their lives.

The Belgian steamer Menapier, of 1,425 tons, was 231 feet long. She was built in Sunderland in 1903 and was owned in Antwerp. The North Foreland is in Kent county, on the North Sea.

The survivors were landed today at Margate. One of them, badly injured, was sent to a hospital.

The survivors say the Menapier sank in a few minutes.

THREE NORWAY SHIPS SUNK BY SUBMARINES

London, June 8.—The Norwegian vessels Trudvang and Superb have been sunk by German submarines.

The Trudvang, a steamer of 440 tons, was 224 feet long. The Superb was a bark of 1,293 tons.

The Trudvang was hailed by a German submarine soon after midday yesterday off St. Anne's head. The captain was ordered to bring his papers aboard the submarine, whose commander gave the crew twenty minutes to take to the boats.

The submarine then sent twelve shells into the Trudvang. The shooting brought out a patrol boat from Milfordhaven, which picked up the shipper and crew numbering thirteen, from the boats. During the operation the submarine attempted vainly to torpedo the patrol boat.

The men from the Trudvang were landed today at Margate.

The sinking of the Superb occurred 50 miles west of Faatnet. High explosives were placed on board the vessel after the crew had taken to the boats. Seventeen survivors were landed today at Margate.

Another Norwegian steamer sunk is the Glittering, of 274 tons net. This vessel was built in 1913 and was 145 feet long.

The crew of the Glittering was landed today in Tyne. The vessel, with a lumber cargo, was on her way from Sunderland to Harwich when she encountered the submarine. The German sent her to the bottom.

She was towed to the ship's boats for thirty minutes until a trawler boat in sight.

TRAWLER SUNK IN NORTH SEA.

Hull, England, June 8.—The trawler Pentland has been sunk in the North sea by shell fire from a German submarine. The crew was saved.

FRENCH BARK SENT TO BOTTOM.

London, June 8.—(5:50 a. m.)—The crew of eleven men of the French bark LaLiberte have been taken to Milford. The vessel was shelled and sunk by a German submarine. Most of the crew were taken to the ship's boats for thirty minutes until a trawler boat in sight.

NAKED CHILDREN BEG FOR BREAD

Little Ones Die Before
Doors at Which They Beg
in Mexico City—Condi-
tions Are Appalling.

San Antonio, Texas, June 8.—Mexico City's streets are filled with paupers begging for food, and the death rate is averaging 500 a day, many of them children, who die from hunger, a letter received here today from R. Jamieson Swarman, for 15 years a merchant in the capital, asserted.

"While our residents are dying of hunger," said the letter, "the soldiers of Zapata are robbing, stealing, killing and destroying. President Roque Gonzalez Garza is in charge of the situation, but he is unable to offer any relief. He already has confiscated all foodstuffs in the stores, private residences and restaurants for distribution among the poor and middle classes. He was enabled to give each family enough rations to last them through seventy-two hours if they practiced economy."

"All day the streets are filled with paupers begging for a little to eat. Most of the street beggars are women with babies in arms."

At night naked children go to the doorsteps of the richer Mexicans to plead for food, and when morning comes these little bodies are stiff. Ambulances are removing their bodies by the hundreds every day. It is estimated the death rate is 500 persons a day."

MORTUARY (All Funeral Notices Appear on Last Page.)

Mrs. Lester, Thomasville.

Thomasville, Ga., June 8.—(Special.) The funeral services of Mrs. Henry W. Lester, who died Sunday night, were held yesterday afternoon at her late residence. She had only been ill a short time, and her death was unexpected. Mrs. Lester was before her marriage, Miss Anna Edwards, of this city, and was 35 years of age. She is survived by her husband, Henry W. Lester, and four children, the oldest 12 years of age, and the youngest 2 months. She also leaves her parents, Mr. and Mrs. H. Edwards, of this city, and sisters, Webster and Willie Edwards.

W. L. Bush, Alabama.

Columbus, Ga., June 8.—(Special.)—William L. Bush, a prominent and respected citizen of Russell county, Alabama, is dead after a short illness. The funeral was conducted from Hyman Baptist church in that county.

PLANNED TO DESTROY NOTED SIMPLON TUNNEL

Geneva, June 8.—(Via Paris.)—A dispatch from Brig. Villard, declares that a man has been arrested at Domodossola, Italy, charged with the intention of blowing up the famous Simplon tunnel. He was presumed to be an Austrian agent. He had in his possession a plan of the tunnel, which is 12 1/2 miles long, and costed Brig. Domodossola, and in the room where he was living the authorities found powerful bombs.

PLAN HIGHWAY JUBILEE

Cities Along Route Invited to Send Delegates.

Americus, Ga. June 8.—(Special.)—Plans have been perfected for a big Dixie highway jubilee to be held in Americus on July 10. Special features are included in the program for the day, and with the railroads offering reduced rates, the city expects to entertain 5,000 visitors on that occasion. The main object of the jubilee is to raise money for the highway to finance the deal and the success is assured.

Cities along the Dixie highway, from the Tennessee line to the Gulf of Florida, will be invited to send delegates to the jubilee. Governor Harris, of Georgia, and Governor Frank, of Florida, have accepted invitations to attend the jubilee and will take part in the exercises. The program committee has not yet announced their plans in detail, but it is known that there will be automobile and float parade, open air band concert, public speaking, baseball and a big open air fancy masked ball at night. Five bands and the Macon drum and bugle corps have already been secured for the celebration. Valuable prizes will be offered by the local chamber of commerce for the best decorated car, the car coming the longest distance, etc.

EX-MEMBERS OF HORSE GUARD WILL ORGANIZE

Much interest is being manifested among the old ex-members of the Governor's Horse Guard to form an association of the old ex-members for social and mutual benefit.

An enthusiastic meeting of a number of the old Guard was held last evening at the city hall, this being a preliminary meeting to be held at 8 o'clock to form a permanent organization.

Addresses will be made by Clark Howell, Asa G. Candler, Charles W. Smith and other ex-members of the old Guard. All ex-members are specially invited to attend this meeting and hear the addresses of the speakers. All former members not on the active list are urged to telephone or write to relay Frank R. Logan, Healey building, for a card.

MACON TO USE CONCRETE IN PAVING 15 STREETS

Material Has Proved Big Success on Other Streets So Paved.

Macon, Ga. June 8.—(Special.)—So well pleased are the city fathers with the result of the experiment with concrete street paving, which is now in use on several of the Macon streets, that at a special meeting of council this morning it was decided to pave at least fifteen and possibly more additional streets with that material.

Bids for the paving were opened at the meeting of council last Tuesday night, there being a total of eighteen submitted. The lowest bid on concrete was \$1.17 a square yard, considered an unusually low figure, as compared with what has been paid in the past. This bid was submitted by C. M. Preston, of Macon, and it is practically assumed that the contract will be awarded to him.

There are six streets that have already been condemned for paving, for which the material to be used has not yet been selected. It is probable that some brick will be used.

The streets on which concrete is to be laid are Vineville avenue, from Pine Nono avenue to the city limits; Forsyth street, from Monroe to Vineville avenue; Plum street, from Third to Cotton avenue; Pine street, from Third to First street; Walnut street, from First to Second street; First street, from Walnut to Mulberry street; Spring street, from river bridge to Mulberry street; College street, from Ogilthorpe street, from First to Second; Orange street, from Cotton avenue to High street; Broadway, from old boundary line to Giles street; Jones street, from the foot of College across Orange street.

Merced Alumni Meet.

Macon, Ga. June 8.—(Special.)—More than two hundred of the former graduates of Merced university attended the annual alumni meeting at the university today, which was held as a feature of the commencement exercises. Only those clauses of the years ending in '00 and '05 were represented this year. It being the custom for the classes to meet every five years, the meeting was the speaker of the occasion.

In order to increase the membership of the alumni association a resolution calling for the nomination of a committee composed of one person from each county in the state to organize the alumni associations, was adopted. The committee will be named later.

It had been the intention of relatives of the late Joseph H. Willet, professor of natural science from 1883 to 1891, to present a large picture of him to the university at the meeting today, but because members of the family could not come from Atlanta until the presentation was postponed for a day.

Dr. M. A. Clarke was re-elected president and J. G. Garrison, secretary of the alumni association.

Geta \$1,228 for Arm.

Macon, Ga. June 8.—(Special.)—James Minton, a 15-year-old youth, was awarded a verdict of \$1,228 in the superior court this morning against the Macon Railway and Light company, as the result of the case of his injury over by a street car at Central city park in 1912. The jury was out all night long before being able to agree. Ten thousand dollars was the amount set for.

Hardwick to Speak.

Macon, Ga. June 8.—(Special.)—It was announced today that United States Senator Hardwick will speak at the Macon Chamber of Commerce next Monday night under the auspices of the Macon Chamber of Commerce. The exercises will commemorate the one hundred and twenty-fifth anniversary of the adoption of the American flag.

Senator Hardwick will return to his home in Sanderville Thursday morning after an extensive trip through the west.

DR. QUILLIAN RETURNS TODAY FROM WEST

Dr. H. M. Quillian, pastor of the College Park Methodist church, returned today from a two months' tour of the west. Among the cities he visited were Chicago, Seattle, Vancouver, B. C., San Francisco, Los Angeles, San Diego and the Grand Canyon. He also visited Captain and Mrs. C. G. Quillian, of the U. S. Marine corps, while in Los Angeles they were entertained by C. Fletcher Quillian, associate general secretary of the Los Angeles Young Men's Christian association, and his wife.

Dr. and Mrs. Quillian are expected to arrive at their home Wednesday afternoon.

WOMEN FROM 45 TO 55 TESTIFY

To the Merit of Lydia E. Pinkham's Vegetable Compound during Change of Life.

Westbrook, Me.—"I was passing through the Change of Life and had pains in my back and side and was so weak I could hardly do my housework. I have taken Lydia E. Pinkham's Vegetable Compound and it has done me a lot of good. I will recommend your medicine to my friends and give you permission to publish my testimonial."

—Mrs. LAWRENCE MARTIN, 12 King St., Westbrook, Maine.

Manston, Wis.—"At the Change of Life I suffered with pains in my back and loins until I could not stand. I also had night-sweats so that the sheets would be wet. I tried other medicine but got no relief. After taking one bottle of Lydia E. Pinkham's Vegetable Compound I began to improve and I continued its use for six months. The pains left me, the night-sweats and hot flashes grew less, and in one year I was a different woman. I know I have to thank you for my continued good health ever since."

—Mrs. M. J. BROWNELL, Manston, Wis.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled in such cases.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence.

Home Products WORTH WHILE

CORNFIELD HAMS—There isn't any argument we can use that's a stronger appeal for your patronage of home-made products than the one statement that there is no better goods made anywhere than those you can buy right here at home. We realize that an appeal to your pride in southern goods—your loyalty to southern industries—is all right as far as it goes. But when we convince you that the meats packed here at home are the equal—if not the superior—of any similar goods—that the cost is no greater—then we feel that it's up to you to show your pride in home products by calling for them at your grocery. You can be convinced of the merit of Cornfield Hams, Bacon and Shoulders—if you try them once.

ARAGON SHIRTS, PANTS, OVERALLS—In one of the largest and busiest workrooms in the city, in which are employed hundreds of home people, is turned out the Aragon brand of goods made by the A. M. Robinson Co. The quality of the material used, the care and pains taken to make every garment just as good as it is possible to make it, has established here at home—as well as in distant states—a large demand for the Aragon goods. But still more people could be supplied—and more goods made by this company means more people employed—more money for pay rolls and more money turned right back into places where it's needed. Ask your dealer for Aragon shirts, pants, or overalls—if he hasn't them—tell him he'd better get them.

SELF-RISING FLOUR

Atlanta Milling Company

CAPITOL FLOUR—In the baking of good, wholesome bread or cake there is no element of chance. Essential as good, pure flour. The Atlanta Milling Company has been manufacturing Capitol flour for years—it is shipped all over the country—but there is still right here at home, perhaps numbers whose attention has not been reached to this elegant home-made article. It is sold by dealers everywhere, and the next time you need flour make it a point to ask your groceryman for this brand. MISS DIXIE SELF-RISING FLOUR is also a product of the same company. It is a guaranteed absolutely pure and wholesome flour, ready for the process of dough-making—a product by home people for home people—call for it.

A VICTORY FOR ATLANTA.

The Constitution will be permitted a

pardonable pride in the victory just won for

Atlanta in the unanimous passage by the

city council of the June financial sheet

carrying \$85,000 for repairs to and improve-

ments of the public schools. When the

Constitution took up the fight for the schools

several months ago, in fact, in advance

of the beginning of the present year, it stood

practically isolated and alone. We knew

that conditions were bad—they turned out

to be worse than anyone could possibly have

suspected; we knew then that prompt at-

tention to the physical equipment of the

schools was imperative. The extent of the

requirements council and the public have

both learned through official investigation

is greater than anyone could possibly have

imagined.

Finally, early in the present year, The

Constitution succeeded in riveting attention

upon the undoubted evils of the school sit-

uation. A meeting of Atlanta women was

called at the Carnegie library. That little

meeting, which grew to such proportions

that it was necessary to carry it across the

street to the Congregational church, resulted

in the organization of the Atlanta School

Improvement association, which, through its

own officers and committees, made personal

investigation of school conditions and went

with its report before the finance committee

of council, appealing to the members of that

body to act promptly and vigorously to save

the schools.

At that time cold water was thrown on

the proposal. All said it would be utterly

impossible to get money enough to take the

schools out of the woods. It might be pos-

sible to find \$5,000 or \$6,000, but that was

the uttermost limit. The answer to that

council's unanimous appropriation of \$85,000

to meet the present emergency, back of

which is the purpose to make provision in

the immediate future for those extensive

permanent improvements it is now recog-

nized the system must have.

The women of Atlanta never made a

nobler, bolder fight than for this Atlanta's

schools. Associated with them in the work

in its various stages were the Atlanta Fed-

eration of Trades, which presented a strong

and telling report on school conditions; the

Ad. Men's club of Atlanta, the Atlanta Ro-

tary club and other civic organizations.

Backed by The Constitution at every point,

they have won a splendid victory for At-

lanta in the face of what seemed almost

overpowering odds.

It must be realized, however, that this

appropriation of \$85,000 is but the begin-

ning of the rehabilitation of Atlanta's school

system. It was an imperative necessity to

emergency conditions; to prepare the

schools to take care of the demands upon

them the coming fall. Through its expendi-

ture sanitary conditions will be bettered,

there will be a seat provided for every child

and double sessions will be done away with.

We must not lose sight of the fact that

this appropriation merely catches up the

slack, lifting the schools out of the mud. If

we stop there, another year or two

there will find us in the same position and

with the same problems to face. We cannot

go on making appropriations for patchwork;

we must go for permanent.

The city council has begun well. It faced

an unquestioned duty which was not without

its difficulties, and it met it in the spirit of

courage and determination in action that

makes a great deal more for Atlanta than

the passage of this single appropriation. It

gives assurance of response to necessity,

wherever it is found to exist, that will be

prompt and effectual.

The further necessity exists for making

permanent and lasting improvement in the

public school plant. It must be developed

to the point where it can take care of the

natural increase from year to year, and not

have to turn away hundreds of children,

every one of whom is entitled to its benefits.

It has been said that, for this purpose,

Atlanta needs several new school buildings;

it is council's next duty to make provision

for building them. Delay in this matter is

as dangerous as would have been failure to

pass the June financial sheet. We must

keep at the school problem until it is com-

pletely solved; until Atlanta once more has

what she used to have—the best equipped

as well as the best administered school sys-

tem in the south.

as dangerous as would have been failure to

pass the June financial sheet. We must

keep at the school problem until it is com-

pletely solved; until Atlanta once more has

what she used to have—the best equipped

as well as the best administered school sys-

tem in the south.
